#### 1. Types of Information We Collect

In order to better provide you with information and resources related to our services, we collect two types of information about our users: Personally Identifiable Information (“**PII**”) and Aggregate Information.

**Personally Identifiable Information:** This refers to information that lets us know the specifics of who you are. When you engage in certain activities on this Site, such as registering for an account, downloading or purchasing a product or service, submitting content and/or posting content in the user forums, or sending us feedback, we may ask you to provide certain information about yourself.

Examples of PII may include your first and last name, email address, mailing address (including zip code), employer, job title and department, telephone and facsimile numbers, social media handles, and other potential identifying information. When ordering products or services on the Site, you may be asked to provide a credit card number.

**Aggregate Information:** This refers to information that does not by itself identify a specific individual. We gather certain information about you based upon where you visit on our Site and what other sites may have directed you to us. This information, which is collected in a variety of different ways, is compiled and analyzed on both a personal and an aggregated basis. This information may include the Website’s Uniform Resource Locator (“**URL**”) that points to the site you just came from, which URL you go to after visiting our Site, what browser you are using, and your Internet Protocol (“**IP**”) address.

## 2. How We Collect and Use Information

We do not collect any PII about you unless you voluntarily provide it to us. However, you may be required to provide certain PII to us when you elect to use certain products or services available on the Site. These may include: (a) registering for an account on our Site; (b) entering a sweepstakes or contest sponsored by us or one of our partners; (c) signing up for special offers from selected third parties; (d) sending us an email message; (e) submitting a form or transmitting other information by telephone or letter; or (e) submitting your credit card or other payment information when ordering and purchasing products and services on our Site. When processing certain information, such as payment information with affiliated banking institutions or payment processors, we encrypt the transaction, using Secure Socket Layer (SSL) encryption technology, in order to prevent your PII from being stolen or intercepted.

We will primarily use your PII to provide product or service offerings to you. We will also use certain forms of PII to enhance the operation of our Site, improve our internal marketing and promotional efforts, statistically analyze Site use, improve our product and service offerings, and customize our Site's content, layout, and services. We may use PII to deliver information to you and to contact you regarding administrative notices. Finally, we may use your PII to resolve disputes, troubleshoot problems and enforce our agreements with you, including our Site Terms of Use, and this Privacy Policy.

Our third-party advertising partners may collect, certain Aggregate Information. For example, they may use your IP address to diagnose problems with our servers, software, to administer our Site and to gather demographic information. Our third-party advertising partners may also provide us with aggregate, but not individual, reports that will tell us how many ads were presented and clicked upon at our Site.

We use a tool called "Google Analytics" to collect information about use of the Site. Google Analytics collects information such as how often users visit the Site, what pages they visit when they do so, and what other sites they used prior to coming to this site. We use the information we get from Google Analytics only to improve our Site. Google Analytics collects only the IP address assigned to you on the date you visit this site, rather than your name or other identifying information. We do not combine the information collected through the use of Google Analytics with personally identifiable information. Although Google Analytics plants a permanent cookie on your web browser to identify you as a unique user the next time you visit the Site, the cookie cannot be used by anyone but Google. Google's ability to use and share information collected by Google Analytics about your visits to this Site is restricted by the [Google Analytics Terms of Use](#) (as amended for government websites) and the [Google Privacy Policy](#). ## **7. Security of Your PII**

At our Site you can be assured that your PII is secure, consistent with current industry standards. We strive to take appropriate security measures to protect against unauthorized access to or unauthorized alteration, disclosure or destruction of your PII. For example:

- We work hard to ensure that the data we collect is reliable, accurate, complete and current. We encrypt all PII, in order to prevent unauthorized parties from viewing such information when it is transmitted to us. We also only keep collected information only for as long as reasonably necessary and use it only for the purposes for which it was collected or to comply with any applicable legal or ethical reporting or document retention requirements.
- We limit access to PII only to specific employees, contractors and agents who have a reasonable need to come into contact with your information. For example, we may provide members of our technical support team with limited access to your account in order to allow them to troubleshoot problems you may be having with the Site.
- Additionally, we also employ a number of physical, electronic, and procedural safeguards to protect PII. Our secure servers and our data centers are protected by industry-standard encryption, and our servers reside behind firewalls and employ high-level password protection.
- Finally, access by you to your PII is available through a password and unique customer ID selected by you. This password is encrypted. We recommend that you do not divulge your password to anyone.

In order to most effectively serve you, credit card transactions and order fulfillment are handled by established third party banking institutions and processing agents (such as Circle). They receive the information needed to verify and authorize your credit card or other payment information and to process and ship your order.

Unfortunately, no data transmission over the Internet or any wireless network can be guaranteed to be 100% secure. As a result, while we strive to protect your PII, you acknowledge that: (a) there are security and privacy limitations inherent to the Internet which are beyond our control; and (b) the security, integrity and privacy of any and all information and data exchanged between you and us through this Site cannot be guaranteed.
